December Meeting:

- Calendar Changes: All activities will start on the Wednesday prior to original Monday start. Big Region V changes: All Wrestling seasons are aligned, 2A & Mixed 6 volleyball will start a week earlier (to overlap more with 3A volleyball seasons, but also conflict with XC season), and basketball seasons start the same time, but 3/4A will end a week later.
- Seeding of 1/2A Basketball Tournament: Creation of committee with representation from Regions 1, 2 & 5. Region V representative is Joe Klushkan. Discussion for 1A: keep top 4 rank, and the rest a blind draw. Schools will need to email Joe Klushkan their scores.
- AK Airlines Arena: There is a chance that UAA might be hosting a basketball tournament. If they do host, won't be able to use facility on Tuesday; which means use of West/Diamond High Schools. Restaurant at the facility has committed to being alcohol free.
- Expansion of Mixed 6 Volleyball Tournament: Tournament will expand to 12 teams. Each Region (1, 2 & 5) will get an extra berth.
- Change to Transfer Without a Bona Fide Change of Residence of Parents Bylaw: Effective Date: January 15th, 2015. ASAA will develop a form that will show athletes are classified as "JV" and cannot participate in Region/State tournaments.

REGION V MEETING
January 25 – 26, 2015
Thunder Mt High School

- **8th Grade Participation:** Region 2 requested all 1A schools have the opportunity use 8th grade students for basketball, volleyball & mixed 6 (Proposal died for lack of a second). Direction (if brought back to State Board): Keep status quo, this change would be an unfair advantage for larger 1A schools.
- **Out of Season Contact:** See attached amendment. Region V concern with limits to June & July – needs to include August as well.
- **Region 3 Track Expanded Tournament Proposal:** Direction: Do not support.

BREAK @ 3:20 PM, BACK @ 3:34 PM

- **Region 1 Proposal Regarding Boarding School Transfers:** Request would allow students to leave boarding school part way through the school year and not have to sit out due to Transfer Rules. Direction: Do not support.
 - **Home School Policy:** Will change the definition of “accredited” by deleting part of policy that refers to DEED “self-study” as a way to become accredited.
 - **Wrestling Team Scoring Proposal:** Discussion of limiting numbers of “scorers” to 15 when at State Tournament. Direction: Support.
 - **Transfer Forms:** will be adjusted to include more information from “sending” school.
 - **SMAC Recommended Policies Changes:** Make every attempt to have qualified medical staff present for hockey, wrestling & football games. Schools should have an AED at each practice & competition. Coaches should be required to participate in CPR & AED. These will be reviewed in February (maybe act in February, at the latest in April).

Motion Carried

EE) Spring Meeting Date

April 11-12th on POW

FF) Alaska Airlines (Scoot Habberstad, KC Hostetler)

2 Proposals from AK Airlines:

1) State Tournaments/Events: AK Airlines is willing to block seats in advance for State Tournament/Events as a Region instead of individual schools (schools won't have to pay for tickets up front, names can be placed on tickets after tournament). AK Airlines would need exact dates of travel for State Tournaments/Events for all Region V. Suggestion: Approach Cricket (from JDHS) to gather this information and send to AK Airlines, and pay for her time. Schools need to compile a list of travel dates for next year's State events and bring to Spring meeting so Cricket can start on the schedule in time to book in July/August.

Unanimous consent to move forward with proposal 1.

2) Basketball Tournaments: AK Airlines like to sponsor the 2 Region V basketball tournaments and donate 10 round trip (anywhere AK Airlines flies) tickets to Region V. AK Airlines requests: Name of tournament be: "Alaska Airlines Region V Basketball Tournament", all promotional material (t shirt sales, programs, etc) would include AK Airlines logo, raffle 1 or 2 tickets at each tournament and help announce winners, and have a table at the tournaments to giveaway promotional items.

2 raffle tickets @ each tournament, 6 remaining tickets can be discussed at Spring meeting.

Andrew Friske will touch bases with Holland America about this sponsorship proposal.

REGION V MEETING
January 25 – 26, 2015
Thunder Mt High School

Sandi Wagner will ask AK Airlines about non-profit status, and how long tickets can be used.

Break out into small groups @ 11:30 AM

Meeting adjourned at 12:04 PM

Article 7 Section 6 - Seasonal Competition

- A. The Board of Directors adopts the calendar. The first (Fall) season begins the last Monday in July or the first Monday of August. Spring season ends no later than the second week of June. Students who participate in activities that begin or end at times other than during the regular school term are considered to be eligible for participation if they were or will be eligible during the regular school term.
- B. Specific seasonal dates cannot be changed without Board of Directors approval. Minor adjustments may be made as needed to fit calendar needs.
- C. **Definition of Season** — For an activity that is confined to a season, the season is established by the Board of Directors and may begin with the first day of practice and end at the conclusion of the state championship event. From time to time, the Board of Directors may grant a post-season extension when requested in a timely manner by a member school, for the sole purpose of out-of-state competition.
- D. **Penalty:** The following penalties assume that a school is in good standing and has not been warned or is not under other penalty at the given time. A school under warning or other penalty status may be assessed additional penalties than those listed below, up to and including suspension from the Association.

Out-of-Season Practice/Play:

First Offense: School receives warning and suspension of practice equaling the number of days of the violation. If Association determines that the violation involved intentional conduct by a school representative, probation for one school year and suspension of practice/play for three times the length of the infraction.

Second Offense: School receives probation/suspension for one school year and will receive a fine of \$200 minimum.

ASAA SPORTS RELATED POLICIES

3. OUT-OF-SEASON PARTICIPATION POLICY

Students may participate in camps and travel teams **only during the months of June and July**; “Open facility” activities **may be run outside the regular season**. Use of school equipment, supplies, and name shall be determined by the school administration.

The coach or other personnel representing the school is prohibited from requiring any athlete to participate in an out-of-season sport, training program, or travel team as a condition of selection for the in-season team.

All team camps run or organized by a school coach or school outside of the defined high school season must be advertised and open to students beyond that school.

POLICY DEFINITIONS:

“Prospective Player” - A Prospective Player is any student enrolled in a specific coach’s school, or any student who will be enrolled in that school during the next school year.

“Camps”- there are two types of “Camps” - team camps and commercial camps.

Team Camps may be held **only during the months of June and July**. Out-of-season attendance may not be mandated. A camp is considered a “team camp” if any of the following criteria are met:

1. students, as a team, are housed and/or fed at the school.
2. students, as a team, are housed and/or fed away from the school.
3. students, as a team, are taken on outings

Commercial camps – Students may voluntarily attend commercial camps during the **of June and July** upon approval of their parents. Attendance may not be mandated. Service clubs, school organizations or schools may pay fees for participation according to their own school/district policies.

“Conditioning” – Conditioning is defined as a session where students work on physical fitness and conditioning by use of weights, running, and /or exercise. Conditioning does not allow for the use of individualized and specialized sports equipment or apparatus, including but not limited to: balls, bats, protective equipment, blocking dummies, batting cages, charging sleds, and other implements related to specific ASAA activities. **The coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team.**

“Summer Travel Teams” – Summer Travel Teams may be put together by a coach for competition during **the months of June and July**, either in or out of the state. Although the team is not affiliated with a member school, it may include students from one or more member schools. For restrictions see (Article 12, Section 5, Recruiting/Undue Influence, B... *“A student who participates as a member of an out- of-school team coached by another school’s coach, and who subsequently transfers to that coach’s school, will be ineligible in that sport for one full season at the receiving school.”*

“Out-of-Season” – Out-of-Season is any time other than during the established high school season in a particular sport.

“Practice” – Practice is a regularly scheduled team physical activity designed for the preparation of athletes for the ensuing sports season and conducted under the supervision of the school coach **during the season established by the Board of Directors**. A “practice” is further defined as any attempt by the coach of a school team (paid or volunteer) to teach any phase of a game or activity to his or her squad, or have the squad or part of the squad engage in drills under the supervision of that coach, or from directions provided by that coach. Under this definition, “school team” also applies to students and coaches of “individual sports.”

The “out of season” coaching rule is suspended from May 20 through July 31st. This means a coach of a team sport can coach his/her players anytime, anywhere, during this period. During this time period the coach or other personnel representing the school is prohibited from requiring any athlete to participate as a condition of selection for the in-season team.

“Coach” – A Coach is an adult hired or approved by the school (either paid or volunteer) to conduct the usual duties of a coach under the guidelines established by ASAA and the school/district.

“Non-School Teams or Leagues”

- 1. During the school year, a school coach may not coach his or her school team in any out-of-season games.**
- 2. Players from school teams may play in out-of-season leagues or games outside the season, but may not be school sponsored in anyway. These non-school teams may not use school equipment or uniforms. School transportation and facilities may only be used in accordance with school board policies as they relate to any other non-school groups using facilities or transportation.**
- 3. A school team is defined as a team composed solely of players from one member school within a district or attendance zone, in the case of multiple junior or senior high schools within a district.**
- 4. The definition of a non-school team includes one or more of the following:**
 - a. A team affiliated with and scheduled for participation in an organized league.**
 - b. A team participating against a team that meets criterion (1.) above.**
 - c. A team identified by a name or a uniform, and which participates in contests independent from league affiliation.**

4. OPEN FACILITY POLICY

Schools may conduct “open facility” in any athletic activity. Open facilities should be conducted according to the following guidelines:

- 1. The open facility is open to any student that is interested in attending.**
- 2. Coaches and others may attend to supervise open facilities but they may not provide instruction such as organized drills.**
- 3. There shall be no organized competition such as established teams & round-robin competitions.**
- 4. Individual Instruction (coaching) is acceptable on a one to one basis, i.e. one athlete per coach(es). This means that one or more coaches could instruct one athlete but two or more coaches could not coach two or more athletes.**

The philosophy of the open facility is that students may voluntarily attend for wholesome recreation or for purposes of improving their skills.
Attendance may not be mandated.

State 1,2,3A Track & Field Proposal for Qualification:

Relays –

Region Champions (4) plus next 4 schools by best times from the Region Championships to equal 8 total teams.

Individual events –

Region Champions (4 per event) plus up to the next 12 individual performances from the Region Championships Finals, as long as they meet the following qualifying standard, not to be less than 4 additional qualifiers (8 minimum total qualifiers, possibility of 16 total qualifiers).

Qualifying standard - Individuals must meet the following standard at the Region Championships Finals to be eligible to qualify for state beyond the 4 Region Champions plus the next 4 best performances from the Region Championships Finals:

Average the last 3 years of 8th place performances at the State Championships (or the last place in cases where there are less than 8 participants) plus 2% in running events and minus 2% in field events (ie 100m last 3 years: 12.39, 12.49, 11.95 avg = 12.28 + 2% = 12.53 standard; shot put last 3 years: 37'4", 34'8.25", 36'.5" avg = 36'.25" – 2% = 35' 3.75" standard).

This would apply to all events except the High Jump. In the High Jump we already have a standard in place. The jumpers must have made the state opening height to qualify for the State Championships.

Rationale:

The numbers of 1,2,3A track participants is increasing every year. We have already run into issues of what to do if we have a tie for the 8th qualifying spot (Boys 400m 2011). The field event participants (except High Jump) are not getting the full benefits of a Championship meet. Right now they are relegated to 4 total attempts instead of 3 in prelims and 3 in finals. Those extra few attempts are critical to the athletes. 123A Coaches feel that we have shown that this split of classifications has benefited participation in track for our division of schools. I realize this will create more work for the officials, but I feel it is in the best interest of the participants to expand the numbers in 123A. We exist to encourage participation and this will help to forward that goal.
